IMPORTANT NOTES FOR APPLICANTS

You must complete the Applicant Details section below.

You must attach proof of your Hang Gliding Aerotow Endorsement or overseas Aerotow qualification to this form:

- Acceptable proof is:
- A photocopy of your rating card or log book showing clearly the signed and dated endorsement.
 - or** A photocopy of your overseas Aerotow qualification/rating or correspondence verifying your claim.
 - or** Have your club Safety Officer sight and verify your NZHGPA Aerotow Endorsement or overseas rating, then have them complete the Safety Officers section of this form. (not necessary if you are sending in photocopied rating or qualification evidence)

The NZHGPA Hang Gliding Aerotow Endorsement system was an endorsement of the NZHGPA Hang Gliding Tow Rating (surface tow - car, winch or boat). As such the NZHGPA can only Grandfather a HG Aerotow Endorsement if records show you already hold the NZHGPA Hang Gliding Tow Rating.
